About the teacher- Music has been a significant part of my life since childhood. Growing up in Kansas, I began singing in church and taking piano lessons at a young age. Throughout high school, I embraced opportunities to perform at weddings, funerals, and community events. After high school, I pursued an Associate's Degree in Vocal Performance from Butler Community College and a Bachelor's Degree in Music Industry from Middle Tennessee State University. Throughout my education, I took private lessons in various music genres including classical, jazz, pop, and musical theater. I also performed in ensembles such as the MTSU Singers—a vocal jazz group—and The Noteables—a female barbershop quartet. Some of the highlights of my musical journey include singing the National Anthem at Lakefest, featuring country artist Kip Moore, and performing in a choir alongside Wynonna Judd for "The Judds: Love is Alive - The Final Concert" on CMT. In 2020, I moved to Nashville to immerse myself in the vibrant music scene and began experimenting with songwriting. I also created my own website to offer performance services for weddings, funerals, and special events. These experiences, combined with a passion for teaching, make it a joy to help students discover their own musical paths and grow as artists.
